

Ms. Sandra Thomas, Vancouver Courier

Thank you for covering the long hard story of the Seniors' Centre at Killarney. You continue to do a great job of providing a balanced and accurate picture for the public and most especially the seniors who have been waiting so long to see "shovels in the ground".

After enduring a "cold" summer of silence from the Parks Board, our members are encouraged to see a warming trend in relations between the Killarney Community Association and the Parks Board. Like all community associations, the Killarney Board freely contributes their local knowledge in planning, management and fund-raising for the Centre. The Community is fortunate to have their expertise.

We look forward to better communication, a peaceful settlement of outstanding differences between the Associations and Parks Board, and a Seniors Centre "ground-breaking" at Killarney. And, won't it be just grand to read your coverage of that event too!!

Sandra Thomas, Vancouver Courier

I write to thank you and the Vancouver Courier for all you have done to move the senior's addition at Killarney Community Centre towards a timely conclusion. Seniors in South Vancouver now have renewed hope that this project will move towards a happy conclusion sooner rather than later.

I wrote to your editor on this subject Aug. 28 and the letter was very kindly printed in your Sept. 3 edition.

Thank you again.
